

Bob Gilbertson's race team arrives at the 10,000 RPM factory.

Engine is getting set up on the dyno

Mike Stuart of Mike's Transmissions looks the engine over.

Kevin and Rico make sure that everything is ready to go.

A crowd gathers to watch Ron Hammel, founder of 10,000 RPM operate the dyno.

After dyno testing Bob Gilbertson went on to New England Dragway and set the IHRA international record for ET and MPH; 4.841 sec and 318.09 MPH backed up with 324.04 MPH in Epping, New Hampshire.
